

History: World War II

WWII (1939-1945) began with Germany's invasion of Poland. Key causes: Treaty of Versailles resentment, rise of fascism, global depression. D-Day (June 1944) was the Allied invasion of Normandy. Pearl Harbor (1941) brought the US into the war. The Holocaust resulted in genocide of 6 million Jews. Atomic bombs ended the Pacific war. Post-war outcomes: UN founded, Marshall Plan, Cold War, and accelerated decolonization.
